Number 48

Open East Side of Stadium Bids

Plan Renewed Fund Drive

After a low bid was offered this morning for building of the east stands of West Texas State's 20,000 seat football stadium, college officials announced a whirlwind drive will be launched to secure as much additional money in pledges as possible by the time the Board of Regents meets on March 24 to consider a contract.

The bid of \$312,469 by Neill Singleton Construction Co. of Amarillo would complete the stadium to its original 20,000-seat capacity except for loud speaking system, topping of parking area and a few other items, but is about \$100,000 more than has been pledged thus far.

A contract will be considered by the Board of Regents at its next meeting in Austin March 24.

"Between now and then," said President James P. Cornette, "we must not only secure as many additional pledges as possible, but must also work out a means of borrowing the balance of money necessary in such a way that it can be repaid from both future pledges and gate receipts."

Dr. Cornette said many people who planned to help in the construction of the stadium haven't contributed yet. "This would be an excellent opportunity," he said, "to give us a boost just when we need it most."

Tuesday's bid is tabbed Unit No. 2 of the stadium-building project and includes construction of 10,000 seats on the east side, concession and toilet facilities on the east side, team dressing rooms, ticket booths, fence and sewage disposal.

Work is nearly completed on the west stands and accompanying facilities, which comprise Unit No. 1. The bid on it was let jointly to Neill Singleton and Gilvin-Terrill companies last summer and was financed by \$400,000 made available to the college through the Constitutional Amendment fund.

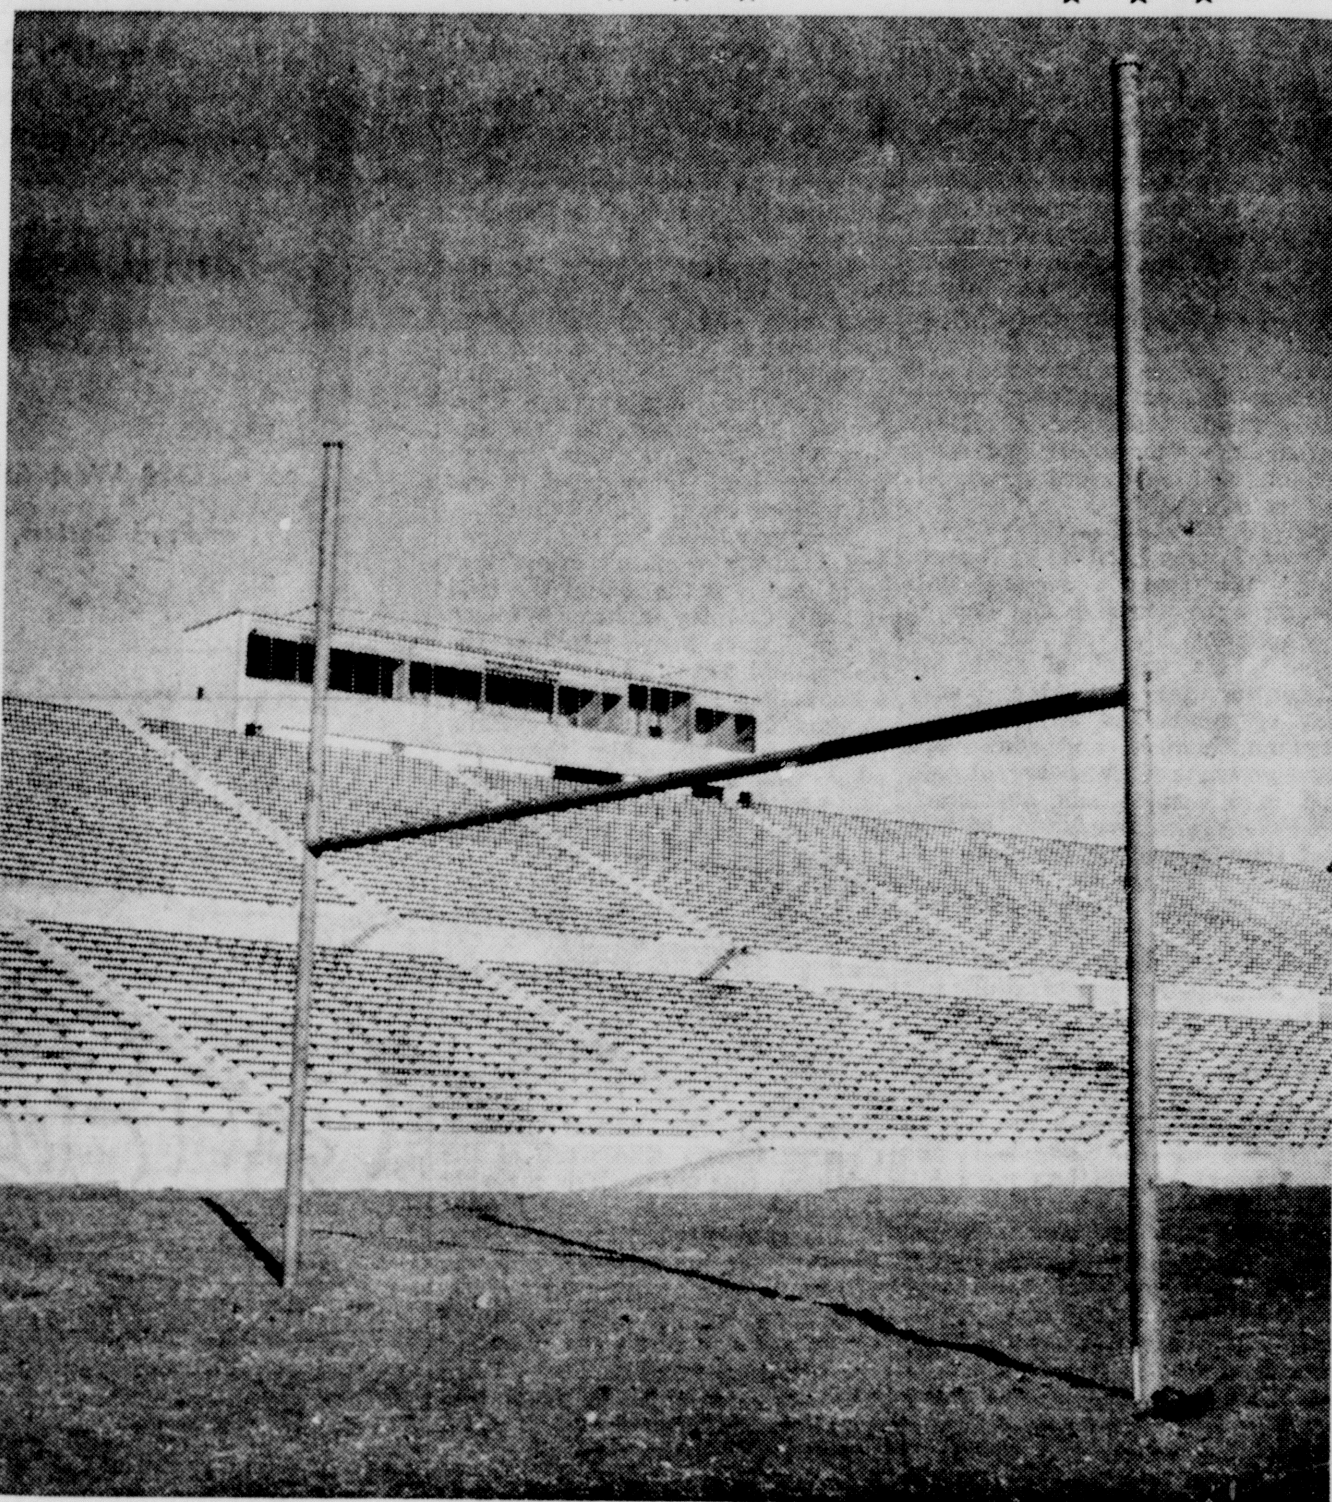

The stadium's dedicatory game is scheduled Sept. 26 with University of Arizona. Other home attractions in the spacious, modern plant this fall will be Mississippi Southern, Oct. 17; Hardin-Simmons, Oct. 24; Drake University, Oct. 31; and Virginia Tech (homecoming), Nov. 7.

Collector Plans Better Tag Sales

Car tags are moving about as fast as a turtle on a hot afternoon, and tax collector Bill Money has decided to keep his office open on the last two Saturdays in March.

On March 21 and 28, the tax office will be open from 8 a. m. to 5 p. m., without being closed for lunch.

The state law requires that last year's registration receipt and a valid title must be presented when you get new tags for your car. The new tags must be on automobiles in the state by April 1.

Major construction on the west side of the new Buffalo stadium is virtually completed, and the addition of the goal posts on the playing field area erases any doubt as to what it is. Bids for the east side were opened this week.

South Amarillo Continues Lead Over Rest of County in Poll Tax Receipts

Amarillo still has nearly three-quarters of the registered voters in Randall County, the poll tax lists compiled by the tax office show.

A total of 4,965 poll taxes were paid in the county, and 3,587 of the receipts belong to voters who live inside the city limits of Amarillo. Voting precincts 1 and 2, which include all of Canyon, show 976 voters. Precincts outside the two cities have 407 poll taxes.

The Amarillo total is 72 per cent of the registered voters in the county. Canyon's percentage is 19.5 of the total.

Last year there were 5,645 poll taxes paid in the county, and in 1956, the last general election year, there were 7,573.

Commissioners Precinct 4, which includes voting precincts 5, 6, 9, 10, 11, 12, 14 and 15, has 75.2 per cent of the voters in the county. Last year the precinct had 75.8 per cent and in the general elec-

tion year, 74.6. The total vote in that precinct this year is 3,734.

Commissioners Precinct 1 is made up of boxes 1 and 13, with 19.5 per cent or 976 voters. Commissioners Precinct 2 is made up of boxes 2, 7 and 8, and has 176 votes, or 3.6 per cent. Commissioners Precinct 3 is made up of boxes 3 and 4, and has 79 voters or 1.7 per cent.

Three of the voting boxes in Amarillo showed increases over last year. One country box, No. 2 at Jowell, showed the same as last year and all the other 11 boxes in the county had decreases.

The boxes with increases are No. 11, South Lawn, with 485 this year as compared with 455 last year; No. 14, Paramount School, 927 this year as compared with 913 last year; and No. 15, Olsen Park, with 195 this year as compared with 147 last year.

All the seven boxes outside Precinct 4 have a total of 1231 votes.

The 1959 registration by boxes is:

Box No.	Voters
1	578
2	47
3	51
4	28

Lions Broom Sale Slated Monday

A city-wide broom sale will be sponsored by the Lions Club next Monday evening, and a booth will be set up on the square Saturday.

The canvass will begin about 5:30 or 6 p. m. when two-man teams begin their drive. The town will be divided into two sections.

Saturday's booth probably will be around the sheriff's office.

Proceeds will go to the Light-house for the Blind in Texas and the Lions Crippled Children's fund. John Taylor is committee chairman.

Schools Get Annual Holiday

West Texas State College students will enjoy a two-day respite from classes Friday and Saturday as they are dismissed so teachers may attend the annual District IX convention of the Texas State Teachers Association.

While no regular Friday or "TTS" classes will be held, the Saturday only classes will meet or be dismissed according to individual instructors, according to Dean Walter H. Juniper.

Classes in the Canyon Public Schools will also be dismissed for the annual convention.

Rural Mail Routes To Be Consolidated

Because of a vacancy on rural route 2 in Canyon, the Post Office Department will consolidate routes between Amarillo and Canyon, effective March 21, according to Marion Higdon, postmaster.

Amarillo route 4 is being eliminated, and patrons of that route are being assigned to route 1 of Amarillo and routes 1 and 2 of Canyon. The mail of approximately 100 families who are being served on Amarillo route 4 will be transferred to the Canyon routes.

Oran B. Redman, carrier for route 4, will be transferred to route 2 in Canyon. He began work in the Amarillo Post Office in 1927 and has been a rural carrier since 1947.

Redman will replace Mrs. D. M. Foster, who has been temporary carrier since the vacancy occurred. W. E. "Windy" Miller will continue as carrier for route 1.

Patrons affected can be of great assistance to the Post Office and the carriers if they will notify their correspondents to use their new address, Higdon said.

He also said that carriers or the postmaster would be glad to help in any way they could.

Jury Indicts Five, Three Sentenced

Five indictments were returned late Tuesday afternoon by the Randall County Grand Jury, and three of the men indicted were tried before 47th District Judge E. E. Jordan Tuesday night.

Jackie Wayne Smith and Robert Lee Needham were each given five years adult probation after pleas of guilty to the theft of an automobile belonging to Billie Thompson on Jan. 5, 1959.

James Henry Cornett was given five years probation after pleading guilty to driving while intoxicated, second offense.

Sheriff's officers said the other two men indicted by the grand jury are not in custody.

James Owens in Navy Pre-Flight School

Aviation Officer Candidate James F. Owens, son of Mr. and Mrs. Leonard H. Owens, is undergoing pre-flight training at the Naval Air Station, Pensacola, Fla.

The 16-week course, which began Feb. 10, includes instruction in reading improvements, aviation science and navigation. Upon completion of pre-flight training, students are assigned to Saufley Field Naval Auxiliary Air Station, also in Pensacola, where they undergo primary flight training.

Ronnie Harris, son of Mr. and Mrs. W. B. Harris, is scheduled to undergo surgery Friday to reduce pressure on the brain from an injury suffered Sunday in Palo

Teen-Age Art Exhibition Opened Sunday Afternoon in Museum

This year's exhibit of Teen-Age Art opened at the Panhandle-Plains Historical Museum Sunday afternoon with a tea and reception co-sponsored by the public school art department and the Canyon Music Arts Club.

The exhibition includes paintings and drawings, carving and modelings, and three-dimensional objects of metal, wood and wire. The exhibits were fashioned by members of the art classes in junior and senior high school.

Art in the junior high is taught

in the seventh and eighth grades as Arts and Crafts. Students in sections 2 and 4 of those grades have arts and crafts the first semester, and sections 1 and 3 the second semester.

Art is an elective in high school, with two years of work offered. High school art classes meet in the morning with 55-minute class periods. Junior high classes meet in the afternoon with 45-minute periods.

The work of about 250 students is displayed in the exhibit.

The first day of spring is one thing, and the first spring day is another. The difference between them is sometimes as great as a month.

Henry van Dyke

Band Royalty

Gary Foster and Ann Jarrett were named band King and Queen at a recent concert of the Canyon High School band, held in the high school auditorium. Herman Demus is band director.

City Okays Street Closing Request For Expansion of Student Union

Permission to close Third Avenue from 23rd Street to 24th Street was granted by the Canyon City Commission Monday night.

The request to close the street came from West Texas State College. The request also included closing the north 70 feet of the north-south alley between Third and Fourth Avenues.

A letter to the commission from college business manager, Virgil Henson, explained that the college

plans to build an addition to the Student Union Building that will cross the street. The letter said that the Post Office sub-station will be located in the new addition and off-street parking will be provided on the west side of the building.

Henson's letter also said the college plans to convert 24th Street to a two-lane divided boulevard from Pecos Avenue to Fourth Avenue. Pecos Avenue is the street running along the north side of the campus proper. The letter did not indicate when any of the work would begin.

The city commission accepted the resignation of Chief of Police Max McNutt in a meeting Thursday night. The commission has not hired a new successor to McNutt.

Court Approves E-Way Purchases

Four more tracts of right of way for the Amarillo-to-Canyon Expressway, including the most expensive tract purchased, were approved for payment by the Randall County Commissioners Court Monday.

The tracts were all between Georgia and 45th Street. The big payment was to A. L. and A. C. Moore for the cafe, service station, tourist court and trailer court on the south side of the highway at the Georgia intersection. The payment was \$149,921.94, and was the amount of the state appraisal.

Other tracts purchased were from A. L. Moore, \$18,862.24; Mrs. Clarence Willmeyer, \$4,116.42; and H. T. Benton, \$7,786.50.

The court also authorized condemnation proceedings against E. R. Bauman, who has a tract in the Georgia-45th area. With the purchases and the condemnation, only five more tracts are needed for that stretch.

When the county resumed right of way buying a couple of weeks ago, some 22 tracts were needed between Bell Avenue and Georgia. Monday's action brought the total down to 15.

Speech Contest Winners Picked

Canyon High's representatives in speech contests of the Interscholastic League were selected Tuesday night in a speech festival at the school.

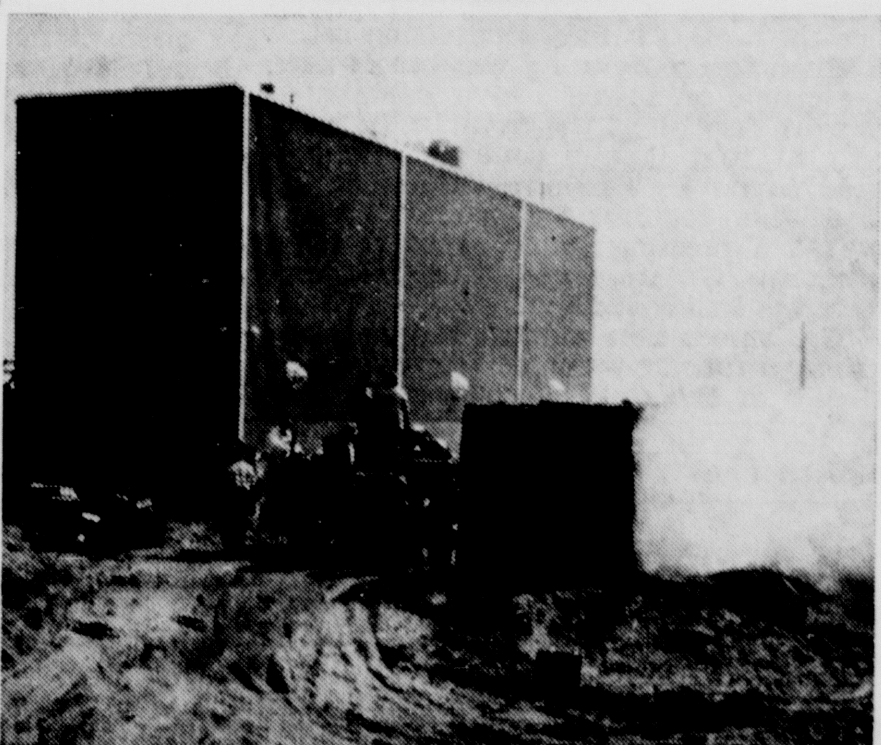

Selected for Senior Girls Declamation was Virginia Crounse, with Ocoee Johnson as alternate. The Senior Boys Declamation speaker will be Kerry Knorpp.

To represent the school in Poetry Reading will be Barbara Meyers with Stephanie Conboy as alternate.

In a debate on the question, Resolved: The United States Should Adopt the Essential Features of the British Educational System, the girls team won. They had taken the affirmative.

Members of the winning team are Margaret Johnson and Mayla Atkinson. Members of the losing boys team are Bill Cornette and Bill Callarman.

Fire at Stadium

A pile of old lumber caught on fire on the west side of the new WT stadium last week, and the blaze jumped to a construction shack. Damage was fairly light.

Jill Jarnagin, left, and an unidentified woman look at clay figures in a glass display case at the Teen-Age Art Exhibit. The display is one of several of public school students' work.

Come Visit With Us

Come along with me to visit a boyhood friend, who lives in another part of this country and has completely different problems from those we face here.

He and his wife both work for the government, the Department of Agriculture. They live in Washington and work there. Well, actually, they don't live in Washington. They live in Fairfax County, Virginia. It's a settlement they live in, a suburb, if you like.

Consider a settlement of 500 houses dropped halfway between Amarillo and Canyon, and you have an idea of their town. It's not incorporated, and has no way to get needed services without petitioning the county government. The settlement has the necessary utilities—lights, water, gas—but it has a problem in roads.

Fairfax County is the fastest growing county in the nation, figuring on a percentage basis. It's changing, along with other counties in Virginia and Maryland, into metropolitan Washington.

They need some way to get to work, and get home again. That's probably their biggest immediate problem as a community, and as a part of a metropolitan area. Ask my friend if expressways like we're building here would help. He'll answer that some Texas-size farm-to-market roads would be a great help, and would be much better than what they have.

The community is made up of houses ranging from about \$13,000 to probably \$22,500. The houses are on an old dairy farm, and my friend's house is in the \$13,000 class. It sits on one-third of an acre—80 foot front by whatever it takes to make a third of an acre.

The house he lives in has three bedrooms, is brick and has about 1,300 square feet in it. It has appreciated in value at the rate of about \$1,000 a year since he bought it three years ago. (He bought it just like we do, in connection with a loan company.)

Practically all of the people in the community are wage-earners. It has a fair mixture of types of work, everything from airlines mechanics to an assistant to an assistant secretary of defense. There are a goodly number of people who might be classified as professionals, economists, professors, doctors, lawyers. A few of the doctors and lawyers are self-employed, or you might say they are in private practice.

As you might expect, the majority of the people work for the federal government.

Consider, as you visit with my friend, his community is about one-third the size of Canyon. We have about 1500 houses. Our city is incorporated and we have a city government that collects tax and provides services. They have no city government, period. Most of the people who live here are wage-earners, but we probably have a much larger percentage of self-employed because we have the greater number of people who are owners of small businesses. Our professional population is probably about the same, since we have a pretty good number of teachers.

What do the people in my friend's community do for recreation and entertainment? They have the opportunity of seeing a good number of plays in Washington, plays that are opening outside of New York for tryouts, and will later be on Broadway. They have the opportunity of symphonies, art galleries and other cultural affairs. But most don't take advantage of them.

A few get their recreation by working in their yards and putting about the house. There is a segment that enjoys what they call cocktail parties that are actually drinking parties that last a good part of the night. But most of the people do just as we do here, they hypnotize themselves before a television set.

When the community was brand new, the people organized a civic association to work for things the community needed. At first it was popular, and had good support. The constitution of the association requires a quorum of 35 people at a meeting in order to conduct business. Of late, many of the meetings have not had a quorum.

The association publishes a monthly mimeographed newspaper that covers activities of the county government, gar-

dening, personals and has a few editorials.

The state government of Virginia has practically written off the 10th District, which includes Fairfax county, because it has changed from the type of area which makes up most of the state to a thickly populated miasma. Virginia won't cooperate with Maryland and the District of Columbia in providing access roads for people to get in and out of Washington. That's not especially to Virginia's discredit because Maryland and the District of Columbia won't cooperate either.

My friend, who came from this part of the country, sees another horrible waste. That part of the nation is well watered, but the water can't be used. The cities dump raw sewage into the rivers, and the Potomac, for instance, is so badly polluted that it stinks. But he recognizes that the area's population is growing so fast that the various governments can't build sewage disposal plants quickly enough to take care of that problem. Anyway, they've been dumping sewage all this time without treatment, and may never be able to catch up.

He sees that the problems he and his neighbors have in Fairfax County are quite similar to, and are really a part of, the problems that beset the entire East Coast from Norfolk to Boston. They are the problems of a great mass of people living closely together.

My friend thinks maybe the problems right around Washington could be solved by enlarging the Federal District, but that would not necessarily help the problems of the East Coast. (Incidentally, my friend has no real voice in what happens to him and his community in Fairfax County and in Virginia. He went to Washington from Oklahoma, and keeps his legal residence back in Oklahoma. That's where he votes.)

The people in his community are worried about the nation's foreign relations. The people there come from all over the nation. Some are segregationists and some are integrationists, but most are upset about Little Rock because of how it looks to the rest of the world.

Many think that the United States must arm itself mightily, and regain the position of being "Number One" in all things over Russia. They are in favor of raising the defense spending of the nation. (My friend is an economist and feels that the extra money should come from higher taxes rather than deficit spending. He'd like to see less deficit spending all over, even if it means more taxes. As an economist, he recognizes the dangers of inflation.)

Most of the people in the community aren't bothered nearly so much by domestic policy. My friend works for the Department of Agriculture, but thinks very little of the farm policy. He says, however, he'd rather not be quoted because it might get back to the boss. Those people think we in the middle west are isolationist because we are more interested in domestic policy than in foreign policy.

They'd like to see the members of Congress make decisions based more on the needs of the nation rather than on the needs of the districts the Congressmen represent. Most of them, however, probably have no one in Congress who actually represents them.

From a short visit with my friend, we can see that he's broke like the rest of us are, and just as the rest of his neighbors are. It takes about all he makes to live, and if he made more, he'd probably live better and still have no real savings. He and his neighbors get upset every day when they drive to work because of the bad roads, but when they get home at night, they've got some other things they'd rather do than work toward getting better roads. They see other things that need to be corrected, but Wagon Train's on tonight.

Those people aren't really different from us, although they live in a different place and have a different outlook. They're just people, and that's what we see from the front door of our friend's house—it makes no difference where our friend might live. We'd see the same thing.

Pardon us for the intrusion, Stan. You can go on back to working in the yard now.

I GIVE YOU TEXAS By BOYCE HOUSE

Gerald W. Johnson, noted historian, said, "When scholars write up a man voluminously, he may be pronounced, as a rule, very thoroughly dead. Not science or philosophy, but art alone can bring a man of the past back to life." Simeon Strunsky speaks of the commentators on this generation as "having forgotten how much the meaning of life lies on the surface of life and is to be apprehended by the innocent eye and the simple heart."

The brilliant critics and the wise scientists know all the answers. But John Burroughs, who spent a long life in the study of nature, wrote, "A flock of snowbuntings will perform their aerial evolutions with a precision that the best-trained soldiers can not equal. Have the birds an extra sense which we have not? A brood of young partridges in the woods will start up like an explosion, every brown particle and fragment hurled into the air at the same instant. Without word or signal, how is it done?"

Irwin Edman, writing of leisure, says, "We flee to society, dull though it be, through the fear of the greater dullness of being alone." He speaks of "the joy of conversation, a light and easy play of minds and tempers over common themes," and adds, "We have grown a little weary of talk that is all smart and burnished, we have grown tired, too, of talk that sounds like the overflow program of a literary club."

And, finally, Edman declares, "Spontaneity, which is of the essence of any truly spiritual life, flies out of the conversation and out of the window, when 'culture' becomes deliberate."

Quoting Gerald W. Johnson again, he said of Woodrow Wilson, "He was afflicted with the typical ignorance of the scholarly; he knew books better than men, but that was only a part of it; it is probable that he also adopted, perhaps subconsciously, the heresy that it is virtuous to divorce reason from emotion. . . . The truth is that men, while they may sometimes be reasoning beings, are always emotional beings."

I just wanted to prove to Lon Tinkle and Ronnie Dugger that I occasionally read something serious.

Directory Features New Arrangement

A new arrangement of names and numbers is a feature of the telephone directories for Cleta and Umbarger exchanges.

The directories, which went into use last week, have the number in front of the name. The procedure is used in this area for the first time.

Canyon phones are included in Cleta and Umbarger listings.

Be loyal to your flag—you need it more than it needs you.

Readers' Editorials

(The editor welcomes comment from readers, on any subject. The Canyon News reserves the right to edit any letter to make it conform to postal and libel laws. To be published, each letter must be signed, but the name may be withheld if requested. Please keep letters to 300 words or less.)

Dear Editor,

After all the crocodile tears that we shed over the plight of this feller Yankus who violated the law and was made to pay the penalty, you capped the whole thing off with your editorial of last week.

You commended both he and Mr. Haley for the good battle they both had fought for their rights and the next day it comes out in Ed Kotura's column in the Amarillo News that Mr. Yankus was a draft dodger, and it seems that he had a chance to have fought in some real battles from 1942 to 1945 but chose to farm instead, having been an auditor up to this time.

When he discovered that occupation to be more hazardous than farming, he switched to farming instead.

Now I personally know Mr. Haley and know that he is a well read man and I am inclined to think that Mr. Yankus is also. So I wouldn't think either gentleman got into this thing through ignorance. They know the law and they violated it, perhaps through their egotism. They tried to put themselves above their country.

Many may think the law is wrong and I surely wouldn't argue that point, but it is the law of the land and "My Country Right or Wrong."

Now I have learned to love the Hales and Texas needs them and I hope they remain here, but for Yankus, let him go to Australia if they will have him there for what would be Michigan's gain could be Australia's loss if he does so, as he wouldn't even be farming if there hadn't been a war.

It seems that I read something in a Great Book that went something like this: "By their works shall ye know them and not for their much loud talk."

And Confucius say: He who hollers maketh the most noise.

Farmer Schaeffer (I must commend Yankus and Haley and the 50-odd Randall County farmers who were at the grain meeting for working for what they think is right. And I must condemn the several hundred other Randall County farmers who did not go to the meeting to express their approval or disapproval of the things that came up. Whether the battles the Hales and Yankus had against the U. S. farm program is right or wrong, I won't argue either.—The Editor.)

When a lad starts the study of Latin and algebra he says good-bye to his boyhood and, also, to any help on his homework from dear old dad.

One out of every 10 tornadoes in the U. S. hits Texas.

An estimated 5,000 to 8,000 persons died in the Galveston storm in September, 1900.

What Our Neighbors Say . . .

Scissor Snippings

Jimmie Gillentine in the Hereford Brand: Speaking of basketball, I wonder if anyone else got caught in the same squeeze that occurred around our place. Last year, the kids were yelling their heads off to make the trip to Austin. In a

stupid moment, I said: "No, you can't go this year, but if the team goes back next year, you can make the trip."

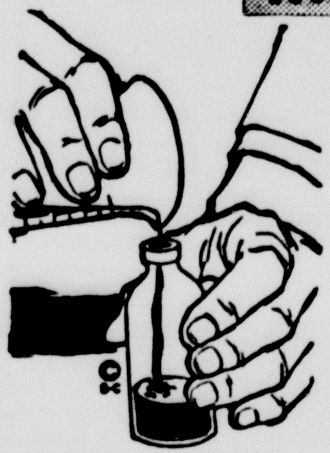

I ask you, who could expect any team to repeat as district champs? To make a long story short, I for-

got all about the deal until a few weeks back, when the kids reminded me. I still didn't get to make the trip.

It just goes to prove that old statement about being a lot better off if you keep your mouth shut.

Mr. and Mrs. A. D. Charles of Hale Center visited with Mr. and Mrs. G. E. Wesley March 1.

Rayford and Hoyle Shipman's father passed away early March 2. Our sympathies are with the bereaved.

Attending the funeral of Mr. Shipman, other than the sons and their families, were Mr. and Mrs. Hollis Shipman and Mr. and Mrs. Ira Schrib and children. The funeral was held in Seymour last Wednesday.

Larry Tacket, vocational agriculture teacher at Happy, left Wednesday with his judging team to participate in the state judging contest at Houston. They returned Sunday. The team judged at Pampa Tuesday, winning fourth place.

Mr. and Mrs. J. W. Wesley and Mr. and Mrs. Woodrow Wesley were in Canyon Wednesday.

Virgia Liston visited relatives in Plainview Thursday night. She returned home Friday.

The "42" tournament at the school house Saturday evening was enjoyed by a small crowd. Three tables of progressive "42" were in progress throughout the evening. Charles Wilson and Mrs. E. M. Wilson won high score. Virgia Liston and Charles Sutton won low. Annie Wesley won the traveling prize. Mrs. G. E. Wesley, Georgia Rogers, and Mrs. E. M. Wilson will be hostesses for this coming Saturday evening.

Mr. and Mrs. Richard Evans were working at the Adrian farm Saturday.

Mr. and Mrs. Moore of Vera visited their son and his wife, Mr. and Mrs. Bobby Gauthreaux, in the H. H. Shipman home over the weekend.

Bobby Gauthreaux, who is attending school in Roswell, N. M., came to visit his wife Friday and returned to Roswell Sunday.

Nancy Cobb, another friend, visited in the Shipman home over the weekend.

Mr. and Mrs. Charles Sutton were shopping in Canyon Saturday.

Alberta, daughter of Mr. and Mrs. Albert Legate of Whitharral, is flying to South Africa March 15 to be with her husband, who is stationed there.

Betty Patterson visited her parents, the John Pattersons, over the weekend.

John Alden, husband of Priscilla Mullens, outlived all other male passengers of the Mayflower.

Afghanistan is approximately the same size as the state of Texas.

SCD Releases Progress Report

A progress report has been made by the Randall-Potter Soil Conservation District.

During 1958, the district sponsored a grass judging contest, purchased roadside signs reading "Entering" or "Leaving Randall-Potter SCD," and purchased grass seedling drills and other equipment for rental to farmers.

The district helped hold two Great Plains Conservation Program meetings and assisted in preparing the Great Plains Conservation Program. Soil Bank Conservation Reserve and Agricultural Conservation Program. Two field days were held.

Representatives made soil surveys and mapped over 48,000 acres. Local churches were near 100 per cent participation in Soil Stewardship Week. Supervisors were near 90 per cent attendance level at board meetings.

Students of Canyon High School won second, third and ninth places in a Fort Worth Press essay contest. The district carried 49 news stories in The Canyon News, and one soil conservation advertisement was run by a local merchant.

The First National Bank of Canyon displays pictures of soil conservation practices.

More than 60 district co-operators were gained during the year, for a total of 179 since the program began in 1955.

Agent Demonstrates Pressing Techniques

Mrs. Mona K. Hildreth, home demonstration agent, met with the Canyon Home Demonstration Club in the home of Mrs. Bill Money Friday morning and gave a program on pressing techniques and patterns for aids to better tailoring.

She explained the difference between ironing and pressing. Pressing is smoothing or flattening a fabric with an up and down motion of the iron, usually with steam. It is used in the construction of a garment to form crease lines, to flatten edges of garments, and to shape the garment to fit the body. The iron is never slid over the surface, she said.

Ironing is used on fabrics that have been washed. It is the smoothing and drying of these fabrics with a sliding motion of the iron.

Refreshments were served to Mrs. Hildreth, Mrs. Bill Wilson, Mrs. J. A. Edwards, Mrs. Lawrence Hunnicutt, Mrs. Jack Barnard, Mrs. D. R. Weaver, Mrs. Dean Cook, Mrs. D. S. Owens, Mrs. Eddie Howard, Mrs. Lou Williams, Mrs. Charles Lee and Mrs. H. A. Brown Jr., a prospective member.

T & T Club Meets With Serena Bryan

The Tongue and Thimble Club met with Mrs. Serena Bryan Thursday, with Mrs. E. M. Wilson presiding in the absence of the president, Mrs. Charles Wilson.

Roll call was answered with "my favorite flower."

Mrs. J. W. Wesley demonstrated the making of a planter log, with Mrs. E. M. Wilson and Mrs. Bobby Gauthreaux assisting.

Attending were Mrs. E. M. Wilson, Mrs. G. E. Wesley, Mrs. Bobby Gauthreaux, Mrs. Madge Sutton, Mrs. J. W. Wesley, and the hostesses, Mrs. Serena Bryan and Mrs. Virgia Liston. Date loaf was served. Next meeting will be with Mrs. Georgia Rogers March 19.

Mr. and Mrs. Ira Wester of Carlsbad, N. M., visited his mother, Mrs. W. I. Wester of Canyon, and his brother, Randall Wester, and his family in Amarillo last week.

????

By PAT HALEY

Attention all citizens of Canyon and students of Canyon High School! This column and the information in it is designed to be informative as well as enjoyable for you.

Unfortunately for me there is no name for the column, but fortunately for you there is a solution to this problem. The Canyon News will give a prize of \$5 for the best title that is mailed to me, Pat Haley, The Canyon News, Box 928, between now and March 25.

In future columns I hope to have student opinions on such topics as telephone conversations, driving, the proposed traffic court, activities of the community, community center and other current interests.

I would also like to relate some of the unusual things that happen at school. For example, one of the members of the cast in the senior play found his Volkswagen parked on the sidewalk in front of the gymnasium door after rehearsal one night.

Speaking of the senior play, the directors are looking for a cat which may be borrowed for the nights of the performances. The cat needs only to be quiet and well mannered since the part calls for a gentle house cat.

You may be interested to know that some of the paintings in the Teenage Art Exhibit now on display in the museum was inspired by field trips to the construction site of the Fine Arts building. Some of the pictures that looked like oil paintings were done with melted crayon applied with a pallet knife.

Congratulations to Margaret Johnson, Miss State F.T.A. She was one of 12 contestants this past weekend in Denton. She presented the school with a trophy Monday morning.

Have you heard the latest? The old French word faux-pas, which means a social blunder, now has a new pronunciation—"foxy pass."

'Come As You Are' Breakfast Held

Mrs. Lawrence Hunnicutt and Mrs. Lou Williams entertained the Canyon Home Demonstration Club with a "come as you are" breakfast in the Hunnicutt home Thursday morning.

Competitive games were led by Mrs. Williams and prizes were given the two worst looking.

Coffee and doughnuts were served to Mrs. Bill Money, Mrs. Dean Cook, Mrs. D. R. Weaver, Mrs. Eddie Howard, Mrs. Milton Myers, Mrs. Marvin Beights and Mrs. D. S. Owens.

Have you tried chiropractic? We may have the answer to your health problems.

Zing Up for Spring!

Birds are on the wing. Spring flowers will soon be blooming. How about your car? Is it in tune with the season?

Your Phillips 66 Dealer knows just what to do to get your car ready for warm weather driving. First he'll drain and flush your car's radiator. Then he'll give the chassis a thorough lubrication, and refill the crankcase with fresh Phillips 66 Trop-Artic Motor Oil. Of course, he'll check your tires and battery . . . even your windshield wipers.

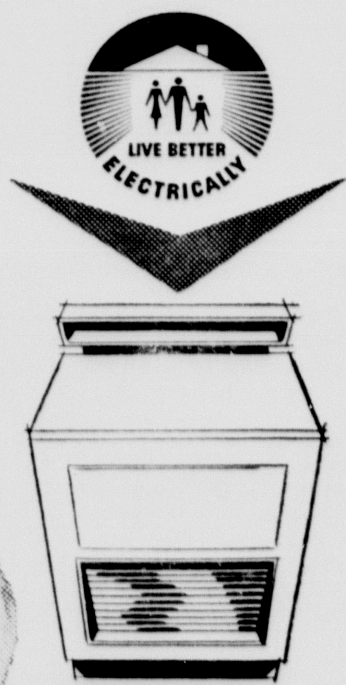

It's all part of your Phillips 66 Dealer's "Zing Up" service. If your car hasn't had this service, drive in where you see the orange and black Phillips 66 Shield.

CLEANEST USED REFRIGERATORS IN TOWN, AT REAL BARGAINS.

ANDERSON APPLIANCE

By VERN SANFORD
Texas Press Association

The 56th Legislature is moving like a snowplow — with the snow still falling and the snowballs flying.

Taxing and spending committees are pushing doggedly through their hearing schedules. But new bills are still swirling into their path, and, in whatever direction they move, they're constantly pelted with objections.

With the 120-day session nearing the halfway point, each passing day increases the possibility that they'll come to the May 12 quitting deadline still "snowed under."

Overhaul Plan

Rep. Frates Seelgison is pushing his take-some, add-some tax plan as a long-needed updating of Texas tax structure.

Seelgison (of San Antonio) told the House Revenue and Taxation Committee that many taxes still on the books (such as those on clock peddlers, waxworks, medicine shows, etc.) are no longer useful.

Others, such as the chain store tax, he called inequitable.

Seelgison's bill would repeal some 38 such taxes and increase levies in other areas — auto sales, cigarettes, liquor, beer, corporation franchises. His plan also would include two ideas backed by Gov. Price Daniel — to take over abandoned property for the state and to make a bookkeeping transfer of \$18,000,000.

But unlike the governor, Seelgison is frankly pulling for a general sales tax.

Other new tax ideas are to increase the levy on beer from \$4.30 to \$10 a barrel, by Rep. Leon Thurman of Anson.

Rep. W. T. Oliver of Port Arthur has introduced a five per cent gross receipts tax on motels, hotels, rooming house rentals and airline passenger business. Oliver also proposed a five-cent-a-gallon tax on soft drink syrup and a three per cent levy on pop sales.

Gals At It Again

That hardy repeater from many past sessions, the women's equal rights amendment, is back again.

Sen. George Parkhouse of Dallas is sponsor of the proposed constitutional amendment which would remove legal restrictions on women.

Representatives of the Federated Business and Professional Women told the Senate Committee that some Texas laws classify women with "infants, imbeciles and lunatics."

They pointed to the statute that prevents a married woman's selling, without her husband's permission, property she acquired on her own hook.

As usual, no one opposed the women. But the proposal was packed off to the attorney general for a "full appraisal of what effect it would have."

Of Church and State

Religion and politics got mixed — with explosive results — when four legislators announced they'd heard atheism was being taught in state colleges.

A bill to require all faculty members in state schools to take an oath they believed in a supreme being was introduced by the four. They are Reps. Bill Hollowell of Grand Saline, Joe Chapman of Sulphur Springs, Ben Lewis of Dallas and W. T. Dungan of McKinney.

College officials and university pastors joined in calling the charge "ridiculous."

Several University of Texas spokesmen, both educators and ministers, said they had never known a time when there was more sincere interest in religion among both faculty and students than at present.

Why Vaccinate?

Sen. Floyd Bradshaw of Weatherford and the medical profession are at odds as to the value of smallpox vaccinations.

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS
OF THE 18TH CONGRESSIONAL DISTRICT

Spenders or Savers

The name-calling on the subject of "spenders" is still going at full force in Washington. One of the Members of Congress from Louisiana who serves on the Appropriations Committee, Honorable Otto E. Passman, took it upon himself to bypass the generalities on the subject and get down to facts and figures. His research developed some very "interesting findings."

It seems that the last six years have produced the top peacetime spending period in the history of this nation. This, although the Congress has cut the President's budget requests on several occasions. Had these cuts not been made, the spending orgy would have been much greater.

The figures seem to reveal that during the past six years the national debt has been increased from a figure of \$266 billion to a figure of \$285 billion. This represents \$19 billion of additional borrowed money upon which interest must be paid at a higher rate of interest than prevailed before this additional debt accumulated. But that is not the entire story. It is only a very small part of it.

Another part of the story is that between the years 1946 and 1953 the gross budget receipts of the Federal government were \$292,500 million plus. The Federal gross budget receipts between 1952 and 1959 were \$444,500 million plus. This means that during the past six years the Federal government collected gross receipts of \$152 billion more than was collected between the years of 1946 and 1953.

When we add this \$152 billion to the \$19 billion increase in the public debt, we find that spending has been increased in this country in the past six years by the sum

of \$171 billion, despite budget cuts effected by the Congress.

It would seem that these facts and figures would prove that someone who is accusing somebody else of being a spender hasn't been doing so badly at it himself.

The fact is expenditures in government must be cut down. In order to effect a measurable cut, a long, hard look must be taken at the military demands. The question that is in the minds of many Members of Congress is whether or not we might be spending too much money on bows and arrows that would turn out to be obsolete in any kind of world conflict.

There is no doubt that many of the weapons of warfare which were number one weapons as late as two and three years ago are now as obsolete as a buggy wheel. Direct major national security accounts for the expenditure of 60 cents out of every tax dollar collected by the government.

When you add in the cost of interest on the national debt which is the result of defense spending, and the veterans services and benefits, we find that well over 75 cents out of each tax dollar is going to pay for wars which have been fought and being anticipated.

This leaves less than 25 per cent for all other matters of government, including general government, labor and welfare, natural resources, agriculture, commerce, international affairs, and so forth. It is my feeling that this 25 per cent can be trimmed by ten per cent.

But it must be remembered that 10 per cent of 25 per cent is only 2½ per cent of the whole. So, in order to have an effective reduction in expenditures, it is essential that we make an agonizing reappraisal, in the words of John Foster Dulles, of what the money is going for on the defense front.

The love of liberty is to love others—love of power is love for ourselves only.

It takes wise parents to know that their own child was as much at fault as the neighbors.

Patience is the main thing mother has to save for a rainy day.

Live one day at a time and the future will take care of itself.

Happy Birthday

West Side Meets With Mrs. Burrus

Mrs. Mona K. Hildreth, county home demonstration agent, gave a program on "pressing" when the West Side Home Demonstration Club met March 4 in the home of Mrs. R. A. Burrus.

She demonstrated pressing hams and how to make them. Pressing hams may be made of pocket drill, ducking or wool fabric, she said.

Mrs. Hildreth told the members to make a six-inch circle as a pattern for the top and bottom and to cut a 2½ inch bias strip about 18 inches long. The bias strip is stitched to one of the circles, using a one-half inch seam to keep the ham from being too large. The boxing is joined on the straight of the grain which makes the seam at a slant.

The other circle is sewed to the boxing to form the top, but about three inches are left unstitched. The threads are tied, and then the ham is turned right side out. The ham is filled with sawdust, tightly packed.

The seam allowances are turned inside and whipped together with strong thread.

Refreshments were served to Mrs. Hildreth, one visitor and 14 members.

Gardening Program Given at Meeting

A program on gardening was given as the Jewell Home Demonstration Club met with Mrs. Jim Bible recently.

Each member gave ideas on raising flowers and vegetables.

Mrs. J. W. Spencer gave the council report.

Refreshments of sandwiches, nuts, olives, cookies and coffee were served to Mrs. George Edwards of Happy and Mrs. Norman Tuck of Canyon, visitors, and Mrs. F. E. Culp, Mrs. E. J. Davis, Mrs. Velma Meyers, Mrs. Gladys Bauer, Mrs. Bernice Jackson, Mrs. J. W. Spencer, Mrs. E. C. Robinson and the hostess.

Next meeting will be March 18 with Mrs. Culp.

Texas has approximately 200,000 miles of public roads.

First automobile was driven over Texas roads by Col. E. H. R. Green of Terrell in 1899.

Use of electric power in Texas began in 1880's. First power plant was at Galveston.

Mrs. Rae Walters Hosts Variety Ring

The Variety Ring met in the home of Mrs. Rae Walters Friday. Present were Mrs. Earl Burtz, Mrs. Mae Johnson, Mrs. J. P. Hammons, Mrs. Leslie Neal, Mrs. W. L. Rice, Mrs. George Barker, Mrs. Fred Marshall, Mrs. P. L. Pitt, Mrs. Leonard Winters, Mrs. Levi Cole, Mrs. Rae Walters and Mrs. Lang Hunter. One guest, Joyce Barker, was also present.

Members spent the afternoon in sewing and conversation. Refreshments were served.

Next meeting will be with Mrs. George Cox March 20.

Middle age is when our tripping becomes less light and more fantastic.

Political science is the art of knowing how to point with pride to the same things you viewed with alarm when your opponent held the office.

An executive is a man who knows how to get things done, and who to get to do it.

NO HELP

You can't cancel out your own faults by pointing out the faults of others.

FLUNK THE TEST

People who think they know it all seldom demonstrate the knowledge is power.

BIG PROBLEM

People are always willing to get together — the hitch comes when they try to work together.

LIVE AND LEARN

Some people never get over the spanking stage — after their parents stop, experience begins.

Speaker

DR. LOUIS H. EVANS

Name Presbyterian As Willson Lecturer

Dr. Louis H. Evans, former pastor of the largest Presbyterian Church in America, will be speaker for the annual Willson Lecture Series and Religious Emphasis Week at West Texas State College.

The series, sponsored by Mr. and Mrs. J. M. Willson of Floydada, who also sponsor the series in 18 other colleges, will start March 17 and continue through March 20. WT students will observe a special week devoted to religious emphasis while the speaker appears on campus.

Dr. Evans, now minister-at-large for the Board of National Missions of the Presbyterian Church, U.S.A., appeared previously in 1954 for the series at West Texas State. He has held his present position since 1953, and has been summer pastor for the National Presbyterian Church in Washington, a church attended by President and Mrs.

No wonder folks say: "THIS IS THE SAVINGEST CAR THAT EVER CAME TO TEXAS!"

Get more miles per gas dollar with Ford!

With the 59 FORDS you not only get Ford's famous "GO"—you get it for much less!

Trust Ford to give you the newest in style and savings. Ford, the world's most beautifully proportioned car, is proportioned just right for economy, too. You can get more miles from every dollar because Ford's standard engines—Six and Thunderbird V-8—thrive on lower cost regular gas. And that's only the start of these engines' saving ways. For instance, they only require oil changes each 4000 miles.

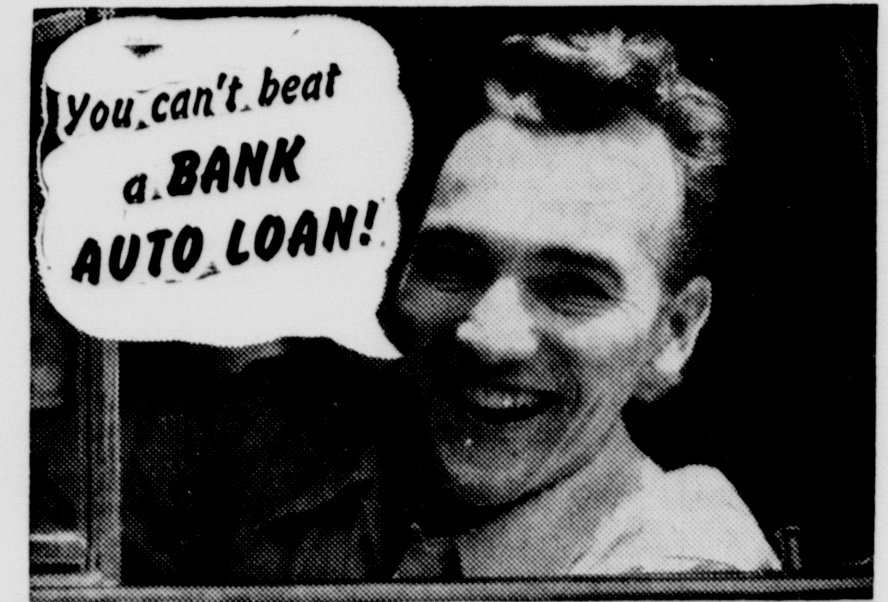

New performance? You bet! Thunderbird power at its finest. The new Ford engines deliver their top performance at speeds from 30-70 mph... the speeds at which most driving is done. Come try it! It's terrific.

You never had it so Thrifty **59 FORDS**

'I Remember Mama' To Be Given In CHS Auditorium March 19, 20

"I Remember Mama" will be presented in the Canyon High School auditorium by the senior class March 19 and 20.

Admission is 50 cents general admission and 75 cents for reserve seats.

Written by John Van Druten, the play was adapted from Kathryn Forbe's book "Mama's Bank Account."

The play takes place in 1910. It is a heart warming story of Mr. and Mrs. Lars Hanson (Mama and Papa) and their four children, Katrin.

Christine, Nels and Dagmar. Mama gives her family a feeling of security in the knowledge that there is a bank account, but as the story concludes, it is revealed that Mama has never had a bank account except a little bank box that she kept in a chest.

Members of the cast are Katrin, Mayla Atkinson; Mama, Barbara Lindsey; Papa, Jimmy Brasher; Dagmar, Delores Wagner; Christine, Barbara Myers; Mr. Hyde, Roy Harris; Nels, Dwayne Pettit; Aunt Trina, Sally Foster; Aunt Sigrid, Cathy Morris; Aunt Jenny, Bernice Green; Uncle Chris, Larry Kitchens; Jesse, Suzanne Lemons; Mr. Thorkelson, Gary Hicks; Dr. Johnson, John Menke; a nurse, Velma Frank; Florence Dana Moorehead; Ann Jarrett; and bell boy, Larry Brotherton.

Student directors are Kathy Brillhart and J. W. Sims. Lighting effects are managed by Craig Finger and Bob Winn.

Mrs. Lee Foster is the director. Oscar Schuette and Mrs. A. K. Knott, sponsors, are assisting.

Winner of the best actor title in this production will be pitted against Bill Cornette, best actor in the junior class's "Time Out For Ginger," for the Best Actor award. The winner's name will be engraved on a permanent trophy.

Judging points will be voice, characterization, movement, contrast, ensemble, timing and motivation.

LEGAL NOTICE

NOTICE OF PUBLIC HEARING AMARILLO AIR FORCE BASE ZONING

Notice is hereby given to all persons owning, claiming, or interested in property located in Potter, Randall, or Carson Counties of the State of Texas, that construction height restrictions and certain other building restrictions are proposed for an area within a fifty thousand feet radius of the center point of the principal runway at Amarillo Air Force Base by the Joint Airport Zoning Board of the City of Amarillo, Randall County, Carson County, and Potter County. Zoning restrictions are being proposed under the Airport Zoning Act Session Laws of 1947, 50th Legislature, Page 784, Chapter 391. Zoning restrictions will include a height limitation of 500 feet over the entire 50,000 foot radius known as the turning zone surface area, height restrictions from 150 to 500 feet in the conical surface zone, and graduated height restrictions up to a maximum of 500 feet in the approach zone of each runway. In addition, certain use restrictions are proposed including production of unsafe smoke, gas or odor fumes and restrictions on the construction of places of public assembly, schools, churches, hospitals, apartment housing, and congested housing developments in certain areas in the approach zone.

Proposed zoning restrictions are not retroactive and do not require the alteration of existing structures.

Public hearing will be held in the Commission Chamber of the City of Amarillo in the City Auditorium, 5th at Lincoln, at Amarillo, Texas, commencing at 7:30 P.M., on Wednesday, April 1, 1959, and shall be by and before the Joint Zoning Board for Amarillo Air Force Base, Texas.

All persons owning property or having any interest in property involved in this airport zoning shall have the right at such hearing to be heard on any matter as to which hearing is a prerequisite to contest the zoning boundaries and restrictions to be established in regard to their accuracy, sufficiency, regularity, and validity of the proceedings by which such restrictions are proposed to be established. The Airport Zoning Board upon completion of the public hearing shall then finally adopt the airport zoning restrictions and regulations for Amarillo Air Force Base.

Mark T. Miles, Chairman Joint Airport Zoning Board for Amarillo Air Force Base 4811

Cooling one's heels in someone's outer office can be an experience that is frustrating or relaxing — it depends on the victim's point of view.

If the dental appointment is at 10:15, and we've blown a fuse to get there, we begin to fume after 10 minutes: "I could have cleaned that casserole dish before I left the house." Or if time begins to run out before the next connection, it's just as bad. After half an hour, ulcers are on the way.

If we allow ourselves to crack up, the opportunity is undoubtedly there. But it's equally easy to use the wait as an unexpected bonus, a rest period — for weary bones, a crowded life, a cluttered mind. Even the hurry and bustle around us can be relaxing: "Other folks are busy, too. At least I don't have this kind of pressure on me."

If the place is quiet, what a boon! The time can be spent reflecting, re-reading a letter, planning tomorrow's day. Even old magazines can offer a treat. A tantalizing recipe, a way to make over an old dress, to refinish a room — ideas offered a relaxed mind often take root when the busy mind would have passed them by. We once found an article in a two-year-old periodical that gave us a whole new philosophy about what we do with our time.

Delay in an appointment can be a half-hour stolen from home chores and the telephone, a time for slowing down to let the soul catch up with flying feet.

Gov. Hardin R. Runnels, in office from 1857 to 1859, is the only Texas governor who never married.

Some 48 per cent of Texas' population is in cities of 10,000 or more.

Laws setting up Texas' public school system were signed Jan. 31, 1854.

Texas' Governor's Mansion, as it now stands, was built in 1853. It is 32 years older than the Capitol.

The nicest way to wish them "HAPPY BIRTHDAY"

Married in Georgia

MRS. BUDDY WAYNE KNOX

Glenda Etheridge, Buddy Knox Wed
In Recent Double Ring Ceremony

Nuptial vows were solemnized
for Glenda Etheridge of Macon,
Ga., and Buddy Wayne Knox of
Canyon in a recent ceremony at
the Elam Baptist Church in Gray,
Ga.

Parents of the couple are Mr.
and Mrs. D. V. Etheridge Jr. of
Gray and Mr. and Mrs. H. L. Knox
of Canyon.

The Rev. H. W. Scoates, pastor
of the Cross Keys Methodist
Church, read the double ring cer-
emony before an altar banked with
arrangements of magnolia and
chrysanthemums and candelabra.

Mrs. S. H. Fountain, organist,
accompanied Bill Fields, soloist.

Candlelighters were Ronald Eth-
eridge, brother of the bride, and
Albert Batchelor Jr. of Gray.

Champ Etheridge Jr., cousin of
the bride, carried the rings on a
white satin pillow. Winonia Eth-
eridge, cousin of the bride, wore a
white taffeta dress with lace yoke
and seed pearls and carried a small
nosegay of red roses. She was
flower girl.

Charlotte Faulkner of Macon,
who was maid of honor, wore a
red taffeta dress with net overskirt
and carried a bouquet of white
roses. She wore a cluster of roses
in her hair.

Bridesmaids were Doris Bell and
Frances Baker of Macon, Paige
Goodson of Gray and Mrs. David
Asbell of Gordon, Ga. They wore
gowns of white jacquard chrome-
spun taffeta and carried bouquets
of red Better Times roses. They
were clusters of roses in their hair.

Don King of Macon was best
man. Ushers were Van Etheridge,
brother of the bride, Billy Califf,
Bobby Martin and Wes Bryan of

Winston Salem, N. C.
The bride was attired in a white
peau de soie gown with a sweep-
ing train and yoke enhanced by
applied Chantilly lace and seed
pearls. Her wedding veil was a
crown tiara of seed pearls and
rhinestones. She carried a white
Bible covered with three white
purple throated orchids and step-
hanotis showered with white satin
maline and stephanotis.

A reception followed in the
church parlors.

The bride's table held a three-
tiered heart-shaped wedding cake.
The table was covered with a white
satin cloth. Assisting in serving
were Mrs. F. F. Deloach, Mrs. Sil-
via Dozier, Mrs. Betty Jean Lyles,
Mrs. June Stripling of Macon, Carol
Tidwell, Jean Sherrod, Iris Watson,
cousin of the bride, and Sandra
Burgess. Mrs. Earl Batchelor of
Gray, aunt of the bride, cut the
cake.

The couple will live in New York
and Texas following a wedding
trip to New York.

Mr. and Mrs. Knox and Verdi
were unable to attend the wedding
because of the death of Mrs.
Knox's brother.

WT Golfers
Open Season

West Texas State's golf team will
open competition this week with
a dual match and participation in
the annual Southwest Recreation
Track and Golf Meet at Fort
Worth.

The Buff linksters, with three
of last year's top four shooters
returning, will open against East
Texas State Thursday afternoon on
Fort Worth's Meadowbrook course.
It also will serve as warm-up for
the 18-hole Southwest Recreation
Meet, scheduled the next day on
the same course.

In all, Buff golfers are scheduled
for seven dual matches and three
tournaments. Among dual match
competitors will be University of
Tulsa, New Mexico State, Eastern
New Mexico, and Amarillo College.
The Buffs will compete in a 10-
team Abilene College Invitational
Tournament and wind up with the
Border Conference Meet at Tucson,
Ariz., May 8-9.

Returning to the squad are David
Lard, Amarillo senior who played
No. 1 most of last season; and
Max Manley, Amarillo senior, and
Russell Mathis, Amarillo sopho-
more, who were among the top
four shooters last spring. The No.
4 spot on the club is wide open
with Charles Kersh, Brownfield
freshman, having the inside track
after early firing.

Eleven Attend
TALA Session

Eleven Canyon residents attend-
ed the 10th anniversary convention
of the Teen Age Library Associa-
tion in Abilene recently.

Attending were Bill Phillips,
Wam Moore, Nancy Davis, Frances
Kiker and Mrs. Charles Harter,

Japanese Stores Run Campaign
Of Helpfulness for Customers

(The following is a story of po-
liteness in stores that might be
good for Canyon merchants to
check into.—The Editor.)

Walk into any big Japanese de-
partment store and you'll hear the
same refrain — in Japanese, of
course — with almost monotonous
repetition:

"Thank you for so frequently
honoring our store with your pres-
ence."

The translation may be some-
what literal, but it is symptomatic
of a politeness campaign that
makes the Western rule of the
customer always being right ele-
mentary by comparison.

At one of Japan's best-known
stores — Mitsukoshi — customer
service extends beyond working
hours.

The management has informed
its staff: "If, while riding public
transportation, you see a person
carrying a wrapped package bear-
ing the marking of the store, give
that person your seat, or offer to
carry the package that person is
carrying."

And if an employee is clumsy
enough to have his or her foot
stepped on by an unheeding cus-
tomer, it is the employee who must
apologize for being so careless.

Other rules provide that:
An employee must never walk
between a customer and the goods
that customer may be looking at.

An employee must never over-
take a customer walking through
the store. The employee must take
another route.

Another major store tells new
salesmen and sales girls that a
customer never window shops. He
is making a preliminary inspec-
tion.

In Japan it is entirely permis-
sible, and expected, for customers
to roam through stores and ex-
amine merchandise for as long as
they please — and leave without
making a single purchase.

And even the most frustrating

Canyon Junior High School, and
Patricia Haley, Jimmy Harding,
Ocece Johnson, Pam Richard, Mary
Bess Brillhart and Mrs. J. L. Gil-
more, Canyon High School.

The Canyon High School chap-
ter, named for Loula Grace Erd-
man, was recognized at the closing
luncheon at which Miss Erdman
was speaker.

District I, of which Canyon is a
part, was host at a reception in
the Windsor Hotel honoring Sue
Darden, state president. Sue is
from Borger in District I. Mem-
bers of the house party were Mrs.
Harter, Patricia Haley, Bill Phil-
lips, Frances Kiker, Nancy Davis,
Jim Harding and Wam Moore.

The Canyon group made the trip
in a chartered bus with delegates
from other area towns.

Sue Hite Hears
Texas Program

A program on Texas highlighted
the Monday meeting of the Sue
Hite Club in the Panhandle-Plains
Historical Museum.

Mrs. A. C. Clark reviewed "The
Lyndon Johnson Story" by Booth
Mooney. She gave a complete
picture of the senior Texas sena-
tor's life and told of his political
background and his position on
many issues.

Mrs. W. F. Haggard discussed
the Hale-Aiken bill, now being
considered in the Texas Legisla-
ture.

Delegates elected to the district
conference of the Texas Federa-
tion of Women's Clubs, to be held
in Borger in April, were Mrs.
Doyle Ragle, Mrs. R. F. Phillips
and Mrs. A. H. Prichard.

Only Three File
For School Posts

The three incumbents were the
only persons who filed for the
three places on the Canyon In-
dependent School Board which will
come open in April. Deadline for
filing was March 5.

The election will be held on
April 4, with voting to take place
in the American Legion Hall.

Those who filed were Jack Haley,
Bill Sternberg and Walter Gra-
ham. All three are presently on
the board.

Most people work harder while
taking their vacation than they do
on their regular job.

Broad-minded people are those
who can convince that our way
of thinking is right.

The Canyon News

so she says—
"O.K., JOHN,
YOU DO THE
FOOD BUYING!"

"I'm no dumb-bell . . . I read the papers! My wife was paying too much for her groceries and I told her so. Grandma joined in, in her defense. Junior says, 'What do you know about buying groceries, Dad? You're a 'lectrician'. Anyway, I ended up with the job. I went shopping for those low priced meats . . . but they didn't come up to my expectations . . . and the fruits and vegetables looked like they had had a hard day and didn't want to be disturbed . . . and wildcat brands you wouldn't touch without gloves. I shopped all the stores. No one saw me come in and no one cared when I left. Well, we have a new purchasing agent at our house . . . and one guess where she buys the family's groceries. From now on I'll stick to the Sport Section and leave the food buying up to an expert."

Business Frat Installed Sunday

A chapter of Alpha Kappa Psi, honorary national business fraternity, will be installed Sunday at West Texas State College. Installation ceremonies and a banquet will be held at 2 p. m. in the Crystal Ballroom of the Herring Hotel in Amarillo.

An installation team, made up of professors and chapter presidents from colleges throughout the Southwest and Midwest, will be on hand to activate the Epsilon Iota chapter at WT.

Members of Sigma Beta Mu, local business club, and seven WT faculty members, will be installed. The local group was organized in 1953.

Members of the installation team will come from the three Texas chapters at the University of Texas, Southern Methodist University and Baylor University, and from the University of Denver, the University of Missouri, Texas Tech and the University of Houston.

WT faculty members, all instructors in business, who are petitioning for membership are Bob Chester, Olah Lehman, Glenn Ross,

Donald Vaughn, Zeke Marchant, Floyd Langford, and Cecil Walton. Sigma Beta Mu members seeking membership in Alpha Kappa Psi include Richard Aiston of Hereford, James Bickers of Fritch, Donald Blatzheim of Amarillo, Don Broome of Kellerville, Dan Boswell of Amarillo, Rolland Buhrkuhl of Plainview, Paul Chase of Amarillo, Charles Cole of Canadian, James Cox of Amarillo, Charles Davis of Amarillo.

Others include Edwin Garner of Kirkland, John Glover of Phillips, Stewart Gordon of Miami, Larry Hamilton of Amarillo, Jimmy Hess of Groom, Tommy Hobdy of Canadian, Rex Hopkins of Gallup, N.M., Wayne Kimber of Dalhart, Lawrence Johnson of Amarillo, Bill Lacy of Turkey, Elvin Schofield of Canyon, James Spake of Borger, Verlin Vaughn of Amarillo, Stanley White of Dial, Jimmy Williams of Childress, Bill Woods of Childress, and Harrison Worsham of Alanreed.

Mrs. T. L. White of Weatherford is having a three-week visit with her aunt, Moss Richardson, at Rest Cottage. During her visit, Mrs. D. W. Dunn, who keeps house for Moss Richardson, will be on vacation.

SOIL CONSERVATION DISTRICT NEWS

Planting sorghums in narrow width rows offers advantages that aid in more economical crop production. Evaporation losses are reduced due to shading, less wind movement, and reduced temperatures. Nutrients are more efficiently absorbed and from a farmer's point of view, this method is more practical because of weed control.

Just as important as planting in narrow rows is the planting rate per acre. If 2 to 5 pounds per acre is the seeding rate in 40 inch rows, the same seeding rate should be used in narrow width rows. The best planting arrangement is one that gives ample space to each plant, yet keeps evaporation, weeds and temperatures at a minimum.

Water leaves the soil in two ways. The most costly to the farmer is direct evaporation into the air and the other is transportation through the plant. With more shade and lower temperatures, the moisture loss is less in narrow width rows.

Soil temperatures above 100 degrees are somewhat detrimental to sorghum plants. Test in Manhattan, Kans., showed that temperatures reached 107 degrees. The narrow rows gave consistent reading of nearly 20 degrees less than wide rows when air temperatures were over 100 degrees.

This shading effect of plants has another important function. Weeds cannot survive without sunshine. Tests have shown that 40 inch rows did not shade more than 60 per cent of the area between the rows at noon at the time of full head. But 20 inch rows provided very good shading, covering about 95 per cent of the area at noon at full head.

Narrow row planting can be done with a grain drill by plugging the extra holes. In most instances new equipment is not necessary to change to narrow row plantings. Almost all farmers can satisfactorily use their available farm implement.

It would be hard to say that narrow width rows will always increase yields. We should expect the same yields as wide rows, but with less expense; thus giving us more profit.

A fertile soil supports a healthy people; a poor soil is the basis for poor health.

A well sodded terrace outlet is to a terrace what a well constructed foundation is to a building.

Of the 150 major U. S. Air Force bases, 27 are located in Texas.

Teacher Study Gets FAE Grant

A grant of \$15,000 has been awarded West Texas State College by the Fund for the Advancement of Education in partial support of the Texas Student Teacher Center Project.

The money will go toward setting up and conducting the project which may have far-reaching effects on the future of teacher education in Texas. The project will be started here at West Texas State College in the fall of 1959 and continue through 1960-61.

The project is designed to "test the hypothesis that student teachers, provided planned experiences in six pilot student teacher centers, operated within criteria cooperatively built by public school and college, will demonstrate aspects of the 'good teacher,'" according to its director, Dr. Emmitt Smith.

Six pilot centers have been established in the public school systems in Canyon, Hereford, Amarillo, Tulia, Dumas and White Deer. The centers are located within a radius of 70 miles of WT, and will provide facilities and local supervision for all teacher education students in WT for the two years.

Seven experimental units will operate in the centers, with each consisting of five supervising teachers and ten student teachers. Each supervising teacher working in an experimental unit will be given definite load credit for the supervision of student teaching. Additional faculty members needed to provide this load credit will be provided for the two-year period by the six pilot centers.

Basic records for the establishment of a unit of cost to the public school will be kept. West Texas State will provide supervision for the project at the local and state levels. An attempt will be made to involve a large number of faculty members from the college in the project.

Working cooperatively with the Texas Unit of the Association for Student Teaching, from 10 to 12 area conferences have been planned throughout the state. These meetings will study the roles of the public school and the college in providing the laboratory phase of teacher education. Results will be used in determining criteria to serve as guide lines to the student teacher project.

A steering committee consists of the college's teacher education unit, now expanded to include the superintendents of the school systems involved. An evaluation committee, which will meet several times during the project's existence, will provide objectivity to give evaluation designs to the project.

Mayla Atkinson Wins State Post

Mayla Atkinson was elected a member of the state nominating committee at the Area I Future Homemakers of America meeting in Amarillo Saturday.

About 60 Canyon girls attended the meeting, which had as its theme, "You Plus FHA Equals a Better Citizen."

The daughter of the Rev. and Mrs. Strauss Atkinson, Mayla is eligible to attend the state FHA meeting in Dallas in the latter part of April.

The Canyon chapter, under the sponsorship of Mrs. Clara Long and Mrs. Jan Turner, was in charge of registration. Ann Jarrett appeared on "Cotton John" Smith's television program to report on the meeting.

Margaret Johnson Wins 'Miss FTA'

Margaret Johnson, daughter of Mr. and Mrs. Lee Johnson, was named "Miss FTA" at the state Texas Future Teachers of America convention in Denton Friday and Saturday.

Miss Johnson tied with Mary Kathryn Buss of Edinburg for the top honor, the first tie in the history of the contest. Judging points were an interview over various phases of teaching, an autobiography and a speech on "Our Greatest Space—Young Minds."

Miss Johnson represented District IX. Others from Canyon attending were Sondra Hines, Delores Wagner, Marcia Barker, John Menke and Mary Carter.

B. F. Fronabarger Is Principal Speaker

Dr. B. F. Fronabarger was principal speaker when the Randall County Home Demonstration Council met March 3 in the Farm Bureau building.

He spoke on the American Red Cross drive.

A sewing workshop for non-club members was announced for April in the Farm Bureau building. A luncheon was planned May 8 in the American Legion Hall to celebrate National Home Demonstration Club week, with Mrs. Edith Lois Wilson as speaker.

Cookies and coffee were served. Mr. and Mrs. Bill Downing and Mr. and Mrs. C. A. Murray left Sunday on a fishing trip.

ence, will provide objectivity to give evaluation designs to the project.

Garden Club To Hear Amarillo Woman

The Canyon Garden Club will meet at the home of Mrs. Jeannette Robbins Thursday at 7:30 p. m., according to Mrs. Bill Downing, program chairman. Mrs. W. B. Lawrence of Amarillo will be the guest speaker. She will speak on

civic or city beautification. "Visitors are cordially invited to attend, and learn more about gardening in Canyon," Mrs. Downing said.

Important business will be discussed.

One of the easiest ways to acquire a striking personality is to become a chronic borrower.

HEALTHFUL RURAL LIVING WITH RADIANT GLASS HEAT

"Independent room control" is feature of electric heating system at H. H. Miller farm, Dawn, Texas. Radiant glass panels make attractive and safe installation and give exact degree of heating desired.

"NO COLDS"

"No chest colds or headaches," say the Millers since installing their draft-free radiant electric heating system. The Miller home has approximately 1200 square feet of living area. They find that seven properly placed 1000 watt radiant glass panels can supply more than adequate heat for the personal wintertime comfort of the family.

OPERATING COST REASONABLE

Mr. Miller says, "We wouldn't consider heating our home in any other way. Our electric heating system offers many advantages to the family and the operating cost is reasonable."

SETTING THE FASHION PACE FOR THE Easter Parade

Cinderella dresses line up for the prettiest parade

What a dressy Easter it's going to be—for the girl in a Cinderella dress. She'll be the prettiest lady in our dressed-up shirtwaists, lively with lace, gay with trim. She'll be a flower-garden in the sweetest prints ever seen. Very Easter-y, too—in sheer nylons with pouffy petticoats. See our Easter Collection of Cinderellas, today!!

WARREN'S

Friemel Purchases Ft. Worth Champs

Vincent Friemel, owner of Hot Shots Landrace Farm and a registered Landrace breeder, purchased the Reserve champion Landrace Bred Gilt of the Fort Worth Stock Show, G. S. Kitscoty ADA 59-3416. Friemel also purchased the fourth place boar in the senior class, G. S. Kitscoty Monsor II 59-3418. The Randall County farmer has raised Landrace hogs for three years, and the recent purchases is part of a program of bringing in new blood lines for breeders and hog raisers who do cross breeding.

The Landrace hog is a fairly new breed in the U. S. and has reached third place in meat-type hog registrations. They hold the record of 1,222 pounds per litter at 56 days and 2,022 pounds in 85 days.

The breed was developed in Denmark and in the late '40's began to be pure bred in the United States. In 1951 there were only 19 registered here. In 1958, the breed had grown to 38,188 registrations in the U. S. Landrace hogs are considered good for milo feeders, giving about one pound of gain for 2 1/4 pounds of feed.

Texas' natural gas provides fuel for 35 states and two foreign countries.

Woody Pond Asks Friends to Coffee

Game Warden Woody Pond is recuperating at home after a siege in Neblett Hospital. He said he will need to take it easy for a couple more weeks before getting back to work.

Pond said he sincerely appreciates the kindness of his friends, and the great number of cards and gifts sent to him while in the hospital. He is now able to have visitors, or as he puts it: "Come by, we've got some coffee."

Jennings Are Hosts To Town & Country

The John Jennings home was the scene of a St. Patrick's party for the Town and Country Club members on Thursday evening.

Games of "88" furnished entertainment with the traditional green and white used in table decorations and favors.

Refreshments of a salad plate, hot rolls, cookies and coffee were served to Mr. and Mrs. Harley Burrus, Mr. and Mrs. Albert Byars, Mr. and Mrs. M. B. Brown, Mr. and Mrs. Arthur Olson, Mr. and Mrs. John Cook, Mr. and Mrs. Tom Lair, Mr. and Mrs. Edd Reynolds, Mr. and Mrs. Jack Foster, Mr. and Mrs. Worth Jennings and the hosts.

Umbarger News

Visiting in the Leo Artho home were Mr. and Mrs. Elroy Artho and family, Mr. and Mrs. Elmer Reinart and family, Mr. and Mrs. John Wieck and family, Mr. and Mrs. Joe Artho and family and Mr. and Mrs. John Birkenfeld and family.

Mr. and Mrs. Math Albracht and family visited in the Lee Haschke home.

Mr. and Mrs. Joe Artho and family visited the Raymond Batenhorst family.

Rudolph Friemel and family visited in the home of Richard Friemel and family.

Visitors in the Henry Gerber home Sunday were Mr. and Mrs. Charles Cox and family, Ed Evers, Melvin Fenoglio and family, Gary and Clifford Anderwald and Marilyn Gerber.

Mrs. Clarence Beckman visited in the Alvin Friemel home.

Mr. and Mrs. Lewie Raef and family visited in the home of Edgar Raefs of Amarillo.

Mr. and Mrs. John Birkenfeld and family visited in the Paul Artho home.

Mr. and Mrs. Leroy Conklin were visited by the Alvin Friemels.

Mr. and Mrs. Henry Gerber visited in the Ray Gerber home.

Mr. and Mrs. J. L. Henderson and family and Mrs. Sabina Stocker visited in the Ernest Stocker home.

Mrs. Sabina Stocker and Mr. and Mrs. La Dean Adams and family visited in the Max Hoffman home.

Mr. and Mrs. Conrad Westhoff and Mrs. John Brandt visited in the Ben Buecker home.

Mary Margaret Albracht was visited by Nadine Gerber and Dorothy Wieck. Suzy Raef visited Catherine Westhoff. Andy Artho visited Stanley Wieck. Marilyn Gerber visited Irene Gerber.

Final WT Chamber Music Concert Set

The fourth and final concert in a series of chamber music concerts sponsored by WT, Amarillo College and the Amarillo Symphony will be offered at 8 p. m. Monday in the Administration building auditorium.

Participating will be the Amarillo String Quartet with Josephine Citron as first violinist. A Clyde Roller will perform the Cimarosa Oboe Concerto and Donald Haddad will play the Mozart Horn Concerto No. 2.

The Amarillo Symphony string section will be conducted by David Kaplan. The concert is open to the public. There is no admission charge.

Chili Supper Set Tomorrow Night

A chili supper is being sponsored by the Christian Youth Fellowship of the First Christian Church. It will be held in the basement of the church from 5:30 to 8 p. m. tomorrow.

Prices, which include dessert and drinks, are 50 cents for children and 75 cents for adults. The public is invited.

Knox To Appear On Clark Show

Buddy Knox, who rose to national fame several years ago with his recording of "Party Doll," will appear on Dick Clark's American Bandstand March 28.

The nationally-televised program is carried by KVII-TV in Amarillo at 6:30 p. m. It showcases top recording artists and hit tunes.

Knox calls Canyon his home, and his parents, Mr. and Mrs. H. L. Knox, live here.

Mrs. Flesher Hosts Priscilla Meeting

The Priscilla Club met with Mrs. Charlie Flesher last Wednesday. A dessert course was served, carrying out the St. Patrick motif.

Mrs. Flesher was assisted by her daughter, Billie Bee.

Present were Mrs. Ernest Brown, Mrs. Alfred Bellah, Mrs. Jessie Parker, Mrs. C. M. Dowlen, Mrs. J. M. Daugherty, Mrs. Dewey Foster, Mrs. R. A. Hodges, Mrs. S. B. Louder, Mrs. Gladys Marshall, Mrs. Ray McReynolds, Mrs. C. P. Presley, Mrs. A. H. Prichard, Mrs. Cecil Simms, Mrs. H. M. Stokes, Mrs. E. D. Walker and Mrs. Dudley Moore Sr.

Fleming Returns To West Coast

Richard D. Fleming, son of Mr. and Mrs. W. W. Kirkpatrick of Canyon, is serving with Attack Squadron 65 aboard the attack carrier USS Midway, which will return to Alameda, Calif., March 12 after a six-month tour of duty with the U. S. Seventh Fleet in the Far East.

Fleming is an aviation structural mechanic third class.

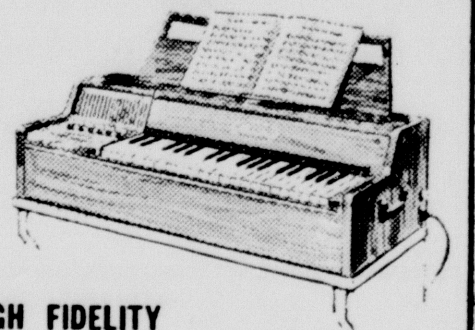

This squadron was aboard the Midway when it was rushed to Formosa where it patrolled the Formosa Straits for 36 continuous days during the Quemoy crisis.

During her patrol in the Western Pacific the Midway was visited by many dignitaries, including the President of Nationalist China, Generalissimo Chiang Kai Shek.

Some units of Texas National Guard can trace their beginnings back to the defenders of the Alamo.
